CLAIMS

Smith (UK 234037A)

- 1 1. A method of providing a display for a graphical user interface in which a user may define a selected point on a subject image, the method
- 5 comprising the steps of:
- (i) displaying the subject image; p.4
- (ii) displaying an enlargement of the subject image in response to a user selecting a point on the subject image and displaying on that enlargement that point selected by the user; and p.4-5
- 10 (iii) returning a point previously selected by the user as displayed on an enlargement of the subject image as a first co-ordinate parameter. p.4-5
- 2 2. A method according to claim 1 further comprising the step of (iv) displaying a reduction of a previous enlargement of the subject image, wherein
- 15 steps (iii) and (iv) are done in response to a single user input. p.4-5
- 3 3. A method according to claim 1 further comprising the step of displaying a further enlargement of a previous enlargement of the subject image in response to a user selecting a point on that previous enlargement.
- 20 4 4. A method according to claim 1 wherein an enlargement of the subject image displayed in response to a user selecting a point on that subject image is displayed centered about that point selected by the user.
- 25 5 5. A method according to claim 1 wherein a reduction of a previous enlargement of the subject image is displayed in the same scale as the subject image prior to enlargement.
- 30 6 6. A method according to claim 1 further comprising the step of returning a further point selected by the user as a second co-ordinate parameter.

7 <sup>7</sup> A method according to claim 6 further comprising the step of performing a calculation to determine the distance between the first and second co-ordinate parameters.

5 9 <sup>8</sup> A computer program comprising instructions for performing a method according to claim 1. *Improper*

10 <sup>9</sup> A computer-readable storage medium having recorded thereon data representing instructions for performing a method according to claim 1.

10

*Improper*  
11 <sup>10</sup> Apparatus having a display, a processor and a user input device wherein the processor is programmed to perform a method according to claim

1. *Improper form*
